AH diagnostics

## Advancement in Technology – and still keeping it simple

At this year's Cyto conference in Edinburgh, Agilent launched their newest member of the Novocyte Family – The Novocyte Opteon, the first Spectral Flow Cytometer from Agilent.

A joyful event, with great contribution of both Agilent and the beta-test-site Aarhus University Flowcore Facility.

To celebrate this happy event, you are invited to a free launch seminar of the Novocyte Opteon Spectral Flow Cytometer.

After the seminar you will know a lot more of the instrument and the great results of the beta-test with the OMIP-069 panel.

Coffee and  
pastry will be  
served

WHERE: Biomedicum I,  
Meeting room 3, P-floor,  
Haarmaninkatu 8, Helsinki

WHEN: December 4<sup>th</sup>, 2024  
At 13:30-15:00

SPEAKER: Emeric Deruy, PhD,  
Business Development Manager, Agilent Technologies, Flowcytometry-EMEIA
